COCOON 2006 Call for Papers

The 12th Annual International Computing and Combinatorics Conference (COCOON 2006)

August 15-18, 2006
Taipei, Taiwan

http://www.iis.sinica.edu.tw/cocoon06

The 12th Annual International Computing and Combinatorics Conference (COCOON'06) will be held on Aug 15-18, 2006, in Taipei, Taiwan. Original research papers in the areas of theoretical computer science and combinatorics related to computing are solicited. In addition to theoretical results, we are particularly interested in results that report on experimental and applied research of general algorithmic interest. Special considerations will be given to algorithmic research that is motivated by real-world applications. Experimental and applied papers are expected to show convincingly the usefulness and efficiency of the algorithms discussed in a practical setting. Typical, but not exclusive, topics of interest include:

Algorithms and data structures;
Algorithmic game theory and online algorithms;
Automata, languages, logic, and computability;
Bioinformatics and computational biology;
Combinatorics related to algorithms and complexity;
Complexity theory;
Computational algebra, geometry, and number theory;
Computational learning theory and knowledge discovery;
Cryptography, reliability and security, and database theory;
Graph drawing and information visualization;
Graph theory, communication networks, and optimization;
Parallel and distributed computing;
Experimental analysis of algorithms

Submissions:
The submission deadline is Feb. 20, 2006. COCOON'06 will only accept electronic (PS, PDF) submissions. For on-line submission, please go to http://www.iis.sinica.edu.tw/cocoon06 for detailed instructions on submissions.

An e-mail will be sent to you to confirm the receipt of your submission within 24 hours. If you have any problem or question on submissions, please send your emails to cocoon06@iis.sinica.edu.tw.

A submission should start with the title of the paper, each author's name, affiliation, and e-mail address, and a one-paragraph summary of the results. This should be followed by a scholarly exposition of the ideas, techniques, and a full description of the results achieved. A clear indication of the motivation and comparison with prior or related work should be presented. The paper should not exceed 10 pages, excluding bibliography and appendices, on letter-size paper using 11 point or larger font.

Submissions that deviate significantly from these guidelines or are unprintable risk rejection without consideration of their merits.

The proceedings of the conference will be published by Springer-Verlag in the Lecture Notes in Computer Science series, and will be available for distribution at the conference.

Invited Speakers:

Mike Atallah (Purdue University, USA)
Franco Preparata (Brown University, USA)

Special Issue:

High quality papers will be invited to a special issue in Algorithmica, and in International Journal of Computational Geometry and Applications, respectively.

Important Dates:
Submission of Papers: February 20, 2006
Notification of Acceptance/Rejection: April 17, 2006
Final Camera-ready Version Due: May 12, 2006
Conference: August 15-18, 2006

Program Committee:

Danny Z. Chen (University of Notre Dame, USA; Co-Chair)
D.T. Lee (Academia Sinica, Taiwan; Co-Chair)
Alberto Apostolico (Georgia Institute of Technology, USA and University of Padova, Italy)
Tetsuo Asano (JAIST, Japan)
Jin-Yi Cai (University of Wisconsin at Madison, USA)
Amitabh Chaudhary (University of Notre Dame, USA)
Bernard Chazelle (Princeton University, USA)
Siu-Wing Cheng (Hong Kong University of Science and Technology, Hong Kong)
Francis Chin (University of Hong Kong, Hong Kong)
Kyung-Yong Chwa (KAIST, Korea)
Peter Eades (University of Sydney, Australia)
Sandor Fekete (Universitaet Braunschweig, Germany)
Rudolf Fleischer (Fudan University, China)
Mordecai Golin (Hong Kong University of Science and Technology, Hong Kong)
Michael Goodrich (University of California at Irvine, USA)
Xiaodong Hu (Chinese Academy of Sciences, China)
Oscar H. Ibarra (University of California at Santa Barbara, USA)
Hiroshi Imai (University of Tokyo, Japan)
Ming-Yang Kao (Northwestern University, USA)
Naoki Katoh (Kyoto University, Japan)
Rolf Klein (Universitaet Bonn, Germany)
Ming-Tat Ko (Academia Sinica, Taiwan)
Chi-Jen Lu (Academia Sinica, Taiwan)
Shuang Luan (University of New Mexico, USA)
Joseph S. B. Mitchell (State University of New York at Stony Brook, USA)
Bernard Moret (University of New Mexico, USA)
Rajeev Motwani (Stanford University, USA)
David Mount (University of Maryland at College Park, USA)
Kunsoo Park (Seoul National University, Korea)
Frank Ruskey (University of Victoria, Canada)
Michiel Smid (Carleton University, Canada)
Chuan Yi Tang (National Tsing Hua University, Taiwan)
Takeshi Tokuyama (Tohoku University, Japan)
Vijay V. Vazirani (Georgia Institute of Technology, USA)
Jie Wang (University of Massachusetts Lowell, USA)
Lusheng Wang (City University of Hong Kong, Hong Kong)
Peter Widmayer (Swiss Federal Institute of Technology Zurich, Switzerland)
Xiaodong Wu (University of Iowa, USA)
Jinhui Xu (State University of New York at Buffalo, USA)
Yinfeng Xu (Xi'an Jiaotong University, China)
Louxin Zhang (National University of Singapore, Singapore)
Hong Zhu (Fudan University, China)

Organizing Committee:
Chi-Jen Lu (Academia Sinica, Taiwan; Chair)
Tsan-sheng Hsu (Academia Sinica, Taiwan)
Ming-Tat Ko (Academia Sinica, Taiwan)
Churn-Jung Liau (Academia Sinica, Taiwan)
Da-Wei Wang (Academia Sinica, Taiwan)
Chiou-Feng Wang (Academia Sinica, Taiwan)

Location:
The conference will be held in Taipei, Taiwan on August 15-18, 2006.

Further Information:
The conference web site [http://www.iis.sinica.edu.tw/cocoon06](http://www.iis.sinica.edu.tw/cocoon06) provides more information about the conference.
